- Certificate of completion from Udemy for Complete Python Developer in 2023: Zero to Mastery.
- Certificate of completion from Simplilearn for Data Science with Python.

SKILLS

- Python
- Django
- Excel
- SQL
- Data Analysis
- AWS
- PowerBI
- HTML and CSS

EXPERIENCE

- STAR AI INTERN** at *Igebra.AI***2024.01–present.**
- ◇ Researching the latest innovations in AI.
 - ◇ Developing AI-based solutions.
 - ◇ Working on building Full Stack Applications which works on Artificial Intelligence.
 - ◇ Worked on Machine Learning, Deep Learning and, 3D models including Coding, Training, and FineTuning.
 - ◇ Working on preparing Presentation and Documentation of ILMS application and ML Models.
 - ◇ BuddyGPT is your AI-powered study companion. It personalizes your learning by recommending content based on your strengths and weaknesses.
 - ◇ BuddyGPT creates adaptive assessments to accurately gauge your understanding. Gain valuable insights into your progress and get instant help with clear explanations Let BuddyGPT be your secret weapon for smarter and more effective learning

PROJECTS

- DETECTING DEPRESSION USING BAYES THEOREM**
- ◇ In this health care project, utilized Python in Jupyter Notebook, SQL, and HTML to analyse social media posts stored in a MySQL database.
 - ◇ Implemented recommendations based on the analysis.
 - ◇ Tools used include Jupyter Notebook, MySQL, VS Code, and languages involved are Python, SQL, and HTML. Documented findings using Microsoft Word and presented results through PowerPoint presentations.

EDUCATION

- BACHELORS OF ENGINEERING- COMPUTER SCIENCE ENGINEERING.****2018–2022**
- ◇ Institute of Aeronautical Engineering,Hyderabad.
- INTERMEDIATE. M.P.C.****2016-2018**
- ◇ Narayana Jr College, Hyderabad.
- SSC****2015-2016**
- ◇ Prathibha High School
